

# 40" x 48" Heavy-Duty BulkPak®

Industrial Equipment ■ Bearings ■ Hardware ■ Food Processing ■ Beverage ■ Plastics and Rubber ■ Resins and Powders ■ Printing

The heavy-duty BulkPak® 4048 HDR series was designed for rugged applications. These containers are made of tough, durable high-density polyethylene for long-life performance under the harshest conditions and provides excellent product protection. The access doors have an articulating hinge that allows the open door to lay flat against the side of the container for tighter, safer storage.

With weight capacities up to 2,000 pounds, these containers are ideal for all types of industrial, food or beverage applications, as well as for international shipments. Custom protective dunnage is available for all ORBIS BulkPak containers. (See page 7.)

Structural foam cover available for added product protection.

Secure stackability maximizes warehouse space without the use of racking.

Heavy-duty solid sidewall construction for durability.

HDR4048-25

Large access door for interior access.

HDR4048-34

Fixed wall version supports heavy, dense components.

HDSR4048-16

Consistent tare weight

Base designed for high impact.

BC4840-42

BC4842-30

**BulkPak BC Containers** are heavy duty material handling containers designed for bulk storage, and are constructed of rotationally-molded polyethylene. Features a smooth interior and exterior for easy cleaning. The flat bottom

design allows containers to stack when used with optional cover or nest when empty. Model BC4840-42 has double wall constructions for extra strength, a standard drain hole with bulk head fitting, and a drain plug.
