# HDR6548-19 Fixed Wall

**Extended-length containers accommodate long and hard-to-fit components and parts.**

The BulkPak® 6548 HDR Series accommodates long and hard-to-fit component parts. All containers are structural-foam molded in high-density polyethylene for durability and are available in side-loading Maximus styles. Unitized loads can be delivered directly to the assembly line for immediate part presentation, with no unwrapping or unbanding. Fixed wall styles (HDRS models) are available to supports heavy, dense components. During storage and shipping these bulk bins stack securely atop each other. Palletboxes offer the strength and rugged durability demanded in today's material handling and distribution systems. Custom protective dunnage is available for all ORBIS BulkPak containers. These plastic containers are fully recyclable at the end of their service life. (All dimensions and specifications are approximate. Performance characteristics are based on uniform static loads and may be affected by distribution of load, handling methods, number and type of access doors and temperatures beyond the range of 0 to 120 degrees Fahrenheit.)

### BENEFITS

- 65" x 48" x 19" footprint
- Fixed Walls
- Areas on all four sides for identification options
- All-plastic picture frame bottom with rounded legs for easy fork truck handling and reduced risk of "short forking"
- Popular applications: Automotive, appliance and transportation equipment
