

PRODUCT APPLICATION SHEET

24 x 48 CITS Plastic Nestable Pallet - ORBIS

The 24 x 48 CITS Pallet is part of a family of efficient thermoformed pallets from ORBIS, in footprints from 24" x 48" to 45" x 45".

It is ideal for moving, storing and distributing product loads within a single warehouse/distribution center or entire supply chain. From raw material to finished goods, reusable plastic pallets protect product until it reaches its final destination. When empty, these pallets nest for a cost-efficient return trip or warehouse storage. Their dimensional consistency ensures effortless interface with all types of high-speed automation and material handling equipment. ORBIS nestable pallets are lightweight and easy to manually handle, with no nails, splinters or broken boards to risk employee injury. This plastic pallet offers an economic, environmental and efficient alternative to wood pallets or skids.

BENEFITS

- 24" x 48" footprint
- Twin sheet thermoformed pallet with superior impact resistance
- Available in additional footprints
- Starting Sheet Gauge: 0.250"
- Fork Truck Entry: 4-way
- Hand Truck Entry: 2-way
