PRODUCT APPLICATION SHEET

40 x 48 Stack'R MD Open deck

The 40 x 48 Stack'R MD Open Deck Pallet is designed for racking.

It is manufactured of high-density polyethylene and will edge-rack up to 1,500 pounds. The smooth, non-porous construction protects product (no nails, rust or splinters) and does not absorb moisture or odor. Its all-plastic construction ensures dimensional consistency and repeatable performance during its entire service life. The open, flow-through design creates a hygienic solution for food/agricultural applications. Available in blue. NOTE: Pictured with optional stringer.

BENEFITS

- Manufactured in high-density polyethylene (HDPE)
- FDA-approved material (standard)
- Optional fire retardant (open deck only), metal and x-ray material available
- Lower per-trip cost than alternative pallets
- Versatile handling, with 4-way hand and fork truck entry
- Easy cleanability in any application
- Lighter weight for better ergonomics
- Hand holes for easy lifting
- Higher truckload quantity (510pcs)
