ORBIS delivers reusable packaging solutions for the delivery of tray packed meats.

Case Ready Meat Containers feature a well-ventilated design for the cost-effective chilling, freezer storage and distribution of meat, seafood and poultry from central processing facilities to grocery retailers. All stack with an easy-swing bail and nest when empty for reduced return transportation costs. Protect fresh meat and poultry products with tough, easily sanitized ORBIS plastics baskets. Industry compatible multi height baskets provide improved cost savings through better use of space on the pallet, in the truck and in the storage cooler. They are cost-effective especially when compared with corrugated and traditional single height plastic baskets.

BENEFITS

- 24" x 20" footprint
- 3-position metal bail
- Stacks securely with bail arm engaged
- Nests for space efficiency when bail arm is open
- Fits 4-up on standard 40 x 48 pallets
- Controlled container tare weight, within +/- 1/2%
- Bar code and RFID specific locations
- Open handles for secure lifting and handling
- Withstands temperatures from -40° to 160° F
- Raised label areas
- Smooth surfaces for cleaning and sanitizing
- Available in FDA-approved materials (Please specify when requesting a quote.)
