

PRODUCT APPLICATION SHEET

44 x 56 HD Plastic Stackable Pallet - ORBIS

The recently enhanced ORBIS 44 x 56 HDSC II pallet is designed for handling and shipping cans and bottles in the beverage and food industries.

These reusable plastic pallets offer a long service life and are ideal for stack loading, conveying systems, distribution and static storage. The non-porous, smooth design makes these pallets easily cleanable. This beverage pallet offers an economic, environmental and efficient alternative to wood pallets or skids. This pallet has been enhanced with several new features, including contoured corners.

BENEFITS

- Available in FDA approved material
