# NEW Food and Beverage Handling Solution: 44x56 Pallet, Divider Sheet and Top Frame System

Transport and store unitized food and beverage loads faster, safer and sustainably with ORBIS' complete solution.

ORBIS' new 44x56 food and beverage handling system streamlines distribution with three products: pallet, divider sheets and top frame. The system protects unitized pallet loads during the storage and transportation of beverage products, aluminum and steel cans, glass and plastic bottles, and other rigid packaging.

- **Hygienic** - Easy to clean with smooth, all-plastic construction with no nails, rust or splinters
- **Durable** - Impact resistant and absorbs shock
- **Automation Compatible** - Dimensional consistency for seamless interface
- **Sustainable** - Reusable and 100% recyclable

## Pallets: Transport Heavy Loads

Model	Dimensions (in)			Weight (lb)	Load Capacity (lb)	Truckload Quantity
	Length	Width	Height			
NovaLock	44.0	56.0	4.4	43.0	3,000	528
BulkPal	44.0	56.0	5.5	56.0	3,800	475
HDSC	44.0	56.0	4.4	56.0	4,000	528
OCP	44.0	56.0	4.5	51.8	3,000	528
DC HI	44.0	56.0	4.4	48.0	4,000	528
EndPal	44.4	56.5	5.5	70.0	3,800	475

## Divider Sheets: Reduce Product Damage

Model	Dimensions (in/mm)			Weight (lb/kg)
	Length	Width	Thickness	
Divider Sheet	44.0	56.0	0.1	2.1
	1,118	1,422	3.5	1.0

## Top Frames: Improve Load Stability

Model	Dimensions (in/mm)				Weight (lb/kg)	Truckload Quantity
	Length	Width	Height	Thickness		
Top Frame	44.0	56.0	1.0	3.5	11.0	2,350
	1,118	1,422	25	3.5	4.9
