

PRODUCT SPEC SHEET

# NPL630B Basket

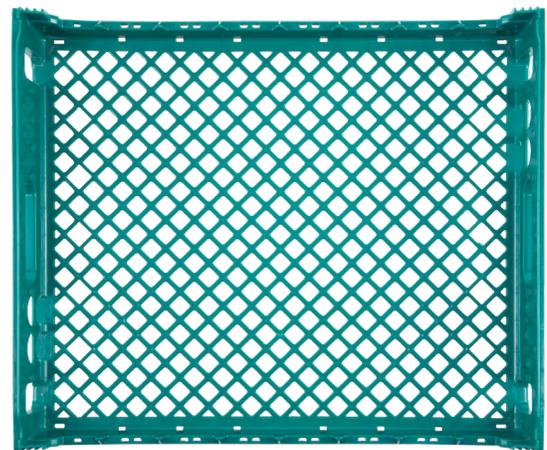

The NPL630B basket is designed for the efficient flow of buns and baked goods throughout the supply chain, from the bakery to grocery stores, mass merchandisers, restaurants, food service/ concession outlets, and convenience stores.

When full, the NPL630B baskets stack securely for easy transport and merchandising. When empty, they cross-stack and nest for back room and truck space savings.

The NPL630B can be integrated with automated systems and offer smooth surfaces and contoured corners to prevent product damage. Combine with plastic pallets and dollies for a full system to quickly move, store, ship, and merchandise all types of bakery items, from bakery to retail.

The NPL630B is fully recyclable at the end of its service life.
